WHERE QUALITY AND PRICE MEET

Wheat Pool has Big Reserve Fund.

The Alberta Wheat Pool has
an elevator reserve fund totalling
\$1,371,965.63 and a commercial
reserve fund of \$123,901.88.
The total amount collected in
reserves is \$1,795,867.41.

The elevator reserve is being
expended in building or acquiring
elevators. Locations for country
elevators are selected on the
basis of deliveries of Pool wheat,
covering a period of three years,
and the acreage signed up in the
district served by the shipping
point. Naturally those places
with a large sign-up will get
Pool elevators before localities
with a small sign-up.

On the books of the organiza-
tion every member is credited
with his share of the reserves.
On the elevator reserve interest
at the rate of 6 per cent per
annum is credited each member.
Every member gets a statement
showing the amount to his
credit in these reserve funds.
The question of how or when
this money will be paid back is
left entirely in the hands of the
board of directors. The board
has not as yet decided how or
when this will be done, but the
probability is that it will be done
on a revolving fund basis.

All members will be treated
alike. A member will not get
his share in the reserves any
sooner by signing a new contract.

Federal Income Tax

Penalties Commence

After End Of Month

All persons who are to pay
federal income tax should make
their annual returns at once to
the inspector of taxation, Calgary.
The number of persons exempted
from payment will be greater this
year, and the amount of tax pay-
able less every instance for those
who are assessable.

The 1927 forms are much like
those of last year and may be
obtained at any post office.
Each person must secure his own,
as they are not sent by mail
individually.

The last day of grace is April
30, after which tardy individuals
will lay themselves open to
penalties.

Farming operations are yet
still in their initial stage. Here
and there the higher land permits
of it work is being carried on to
a certain extent, but it will be
another week at least before it
is general. Amongst those who
have already started is F. Leeson,
who was discing on Tuesday.

Swift's Premium Hams, Bacon and Lard.

We handle only
the Best.

NOTICE

As impetigo contagiosa has
been prevalent in the Didsbury
district for more than a year,
it is not surprising that it reached
the hospital, owing to its very
contagious nature, and that
some babies were affected.
After the wards had been
thoroughly cleaned by destroy-

ing clothing and baskets used for
the babies, by kalsomining and
varnishing and fumigating, no
other cases occurred and there
has been no contagious disease
at the hospital for more than
six weeks. Any babies which
have been at the hospital since
March 1st have been perfectly
healthy.

WORLD HAPPENINGS BRIEFLY TOLD

All restrictions imposed in Great Britain on account of the foot and mouth disease of cattle have been removed.

Information obtained from reliable sources in Montreal is to the effect that the Cuban Government will, in all likelihood, create a diplomatic post in Ottawa.

Sir Thomas Lipton has arrived at New York to repeat his optimistic belief in his ability to build a yacht that will take the America Cup to England.

Grain exports from Vancouver for the season to April 5, total 25,182,564 bushels, compared with 42,460,615 bushels for the same period a year ago.

The "sale of beer bill," prepared by the joint committee of veterans of Winnipeg, which asked for the sale of beer by the glass, was killed on second reading in the legislature.

One cruiser, six destroyers, five submarines, one mine laying submarine and two dispatch vessels will be built by France between July 1, 1927, and June 30, 1928, under a bill signed by President Doumergue. The vessels belong to the second section of France's naval program.

THE ONLY MEDICINE BABY HAS HAD

Is What Thousands of Mothers Say of Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that they are without an equal for relieving baby of any of the many minor ailments which afflict him at one time or another. The Tablets never fail to be of benefit—they cannot possibly do harm as they are guaranteed to be free from all injurious drugs.

Concerning Baby's Own Tablets Mrs. Russell Hill, Norwood, Ont., says:—"I shall always have a good word to say for Baby's Own Tablets. I have given them to our baby girl. In fact they are the only medicine she has ever had and I am proud to say that she took second prize at our baby show. She is eleven months old and weighs 22 pounds. No mother whose child is peevish or ailing will make a mistake in giving Baby's Own Tablets."

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Tobacco growing in Manchuria, a comparatively new industry in that country, is rapidly gaining importance. Manchurian tobacco is said to be of fine quality, and is well liked not only by the Chinese, but also by the Russians and Japanese.

The Poor Man's Friend.—Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Electric Oil possesses power in concentrated form. Its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

M. Briand, foreign minister of France, fifth man of his country to win the Nobel Peace Prize, must pay about \$5,000 of the \$16,000 award to the French treasury.

The Newspaper of Today

Aims to Present to Readers Important Events of Community

The newspaper of today aims to be a mirror of the important events in the community, in which it is published, and of the world at large. It does not follow that the unusual, the unexpected, the surprising are not news. The light and amusing, the strange and fantastic have their proper and important place in the newspaper, the pages of which they frighten, but newspapers that exploit the oddities of life to the neglect of the great moving force, are merely running side-shows to real journalism. Well directed journalism is one of the greatest forces in society today.—Brantford Expositor.

Pains In Back Subdued Sore Chest Relieved

A Nova Scotian Tells How She Overcame Her Troubles With

NERVILINE

"I consider Nerviline the best remedy for a cold, sore throat or tightness across the chest," writes Miss Lucy Mosher from Windsor, N.S. "For many years our home has never been without Nerviline. I had a cold on my chest that fourteen remedies couldn't break up. I rubbed on Nerviline three times a day, used Nerviline as a gargle and was completely restored." It's because Nerviline is so powerful, so penetrating, so sure to relieve congestion, that it is used in most homes, for the prevention and relief of a hundred minor ills. Get a 35c. bottle to-day.

Attractive Style Tendencies Distinguish This Daytime Frock

Shirtings are entrants in the new mode, and are topping many of the draperies on frocks of soft fabrics, such as this model developed in plaid taffeta. The bodice is tucked at the shoulders, and the top of the long full sleeves extend into the neck, forming, as it were, a yoke effect. The dress slips on over the head, and has a converted collar that may be worn closed to the neck, or open as pictured. The foundation of the frock is straight, the circular panels being shirred to the pockets, which in turn are set onto the skirt. A narrow belt ties at the back. No. 1226 is in sizes 24, 26, 28, 30 and 32 inches bust. Size 26 bust requires 5 1/2 yards 26-inch, or 5 3/4 yards 54-inch material. Price 20 cents.

Every woman's desire is to achieve that smart different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centres and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

Canadians Heavy Tea Drinkers

Dominion Stands Fourth Among Nations of World in That Respect

Each Canadian drinks over four pounds of tea per year, or practically five times as much as our American cousins to the south of us. Great Britain (including Northern Ireland) leads the world in point of consumption by using yearly over 400 million pounds (nearly 8 1/2 pounds per capita). Then comes the United States with 100 million, but only nine-tenths of a pound per capita. Next comes Australia with 49 million, and Canada with 36 million. No reliable statistics are available for China or Russia. Both these countries consume a large amount of tea, but the per capita is very small. A great deal more tea would be used on this continent if the public were educated to demand fresh tea. Old tea is flat and unpalatable. Tea is a very delicate vegetable growth, which deteriorates unless kept sealed. A bottle of ginger ale soon loses its flavor if exposed to the air. This is exactly what occurs in the case of tea.

Feels Better In Every Way And Is Stronger

That's Why Mr. F. Hartman Says
Use Dodd's Kidney Pills

Alberta Man Suffered With Weak Kidneys and Found Dodd's Kidney Pills Very Helpful.

Piers, Alberta, (Special)—"I have found your Dodd's Kidney Pills very helpful for my kidneys," states Mr. Fred Hartman, a well known and highly respected resident of this place. "I used to have a weak back and since using your Pills I feel better in every way and am lots stronger. I used to have bad spells and would feel miserable all over. As soon as I started taking your Dodd's Kidney Pills I felt better."

It is astounding how many people go on suffering day after day with aches and pains, rheumatism and backaches. They suffer because they are not aware of the fact that they can get relief. Strengthen the kidneys which are the source of the trouble and these pains vanish. Dodd's Kidney Pills act directly on the kidneys. They heal and strengthen them so that they do their full work of straining all the impurities out of the blood.

Drill for Oil in Manitoba
At least six wells will be drilled during the coming spring and summer in the Grandview, Man., oil structure, according to announcements made by W. T. Ross, managing director of the Iro Gas & Oil Co. This statement follows the news that the Hudson's Bay-Marland Oil Co. had purchased 1,320 acres of leases from the Iro Gas & Oil Co.

NERVE PILLS**

so highly I got a box of them and they did me so much good I got the second box, and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUNDAY SCHOOL LESSON

APRIL 17

PETER'S GREAT CONFESSION

Golden Text: Thou art the Christ, the Son of the living God.—Matthew 16:16.

Lesson: Matthew 16:13-14.

Devotional Reading: Psalm 34:1-8.

Explanations and Comments

1. Opinions About Jesus, verses 13, 14. With His disciples Jesus had journeyed as far as the neighborhood of Caesarea Philippi when He suddenly asked them, "Who do men say that the Son of man is?" The phrase, "Son of man," was not associated in the popular mind with the idea of the Messiah, for had it been, Jesus would not have used it as He did early in His ministry. He used it here, seemingly, with no implication as to His identity. Mark and Luke give his question thus: "Who do men say that I am?"

The disciples answered that some thought He was John the Baptist (as Herod said, Matthew 14:2); some, that He was Elijah; and others, Jeremiah or some other of the prophets. "There was no man then living with whom He could be compared. We do the same thing. When we want to stir men's hearts, we appeal to the dead; when we search for the great, we descend into the grave, we talk of Shakespeare and Caesar, of Charlemagne and Alfred the Great, of Lincoln and Webster, we dare not use the name of a man living. That is what the Jews did. This tells very clearly that to them He was a man of tremendous power" (C. E. Jefferson). "Did you ever think of the vast difference there is between the characters of Elijah and Jeremiah?" questions G. H. Morrison. "The one is ardent, enthusiastic, fierce sometimes. The other is the prophet of the tender heart. And the remarkable thing is that the common people should have taken these types, which are so wide apart, and should have found in both the character of Christ. In other words, the impression which Jesus made was that of a complex, inclusive personality. You could not exhaust Him by a single prophet. It took the range of the greatest to portray His character."

New Device For Motor Car Headlights

The Visolite Transparent Deflector is a simple device, so arranged that motor car owners will have no difficulty in focusing their headlights to conform with the new Vehicles Act.

Saskatchewan has taken the lead in eliminating the dimming of headlights and substituting for it a requirement that all lamps carried on the front of a motor vehicle shall be so arranged that no portion of the direct beam of reflected or refracted light issuing therefrom shall, when measured seventy-five feet ahead of such lamps, rise above forty-two inches from the level surface on which the motor vehicle stands."

The Visolite brings the uppermost rays down to a proper focus thereby eliminating the penetrating glare experienced by car owners with night driving. Only the uppermost rays are refracted and the volume of white light is not lost. Many drivers complain of eye-strain by constantly looking ahead for small ruts and bumps through the glaring white lights of his car. Visolites from the driver's seat cast a slight green reflection above the main beam of light thereby eliminating eye-strain and at the same time sufficiently outlining all objects above the horizon of vision. It is just as difficult for light to penetrate a wet lens as it is for a driver to see through a windshield when raining, without a windshield wiper. The Visolite extends far enough out from the lens to arrest the glare originating at the bottom side of the reflector as well as keeping dirt off the lens during snow and fog.

Visolites are made of a 25 gauge green celluloid, with an aluminum rim. They are the result of more than three years of experimenting and scientific tests. They are made to fit snugly between the lens and rim, and can be attached to any headlight.

The Kicking Horse Trail

Among the important development plans in connection with the Canadian National Parks—in 1927, is the new motor highway to be known as "The Kicking Horse Trail," which will throw open practically the whole of Yoho Park to motor tourists. It will make possible a new highway loop of about 300 miles through the heart of the most beautiful Rocky Mountain scenery.

"Did that firm fail to pay its debts?"
"No, it failed so it wouldn't have to pay them."

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

The diameter of the planet Mercury is about 3,000 miles, or nearly 39-thirtieths the diameter of the earth.

Brew a cup of this fine old vegetable tonic. It is all the spring medicine you need. It drives out winter's poisons, improves the appetite and makes you feel better right away. **CELERY KING** is good for the whole family. At druggists, 50c & 60c.

A Deathless Bullet

Sportmen Will Use "Mercy Bullet" to Capture Animals Alive

Zoos throughout the world may soon be enriched by the addition of specimens of those kinds of animals which have been almost impossible to capture alive, as the result of an invention of Captain Barnett Harris, sportsman and representative of the Chicago Zoological Society.

It is a deathless bullet which produces a complete unconsciousness but no permanent ill effects.

The "mercy bullet," as he calls it, contains a chemical which is released upon striking the animal. Entering the blood, this drug almost instantly produces a state of coma.

Captain Harris will go to Borneo soon to use his new weapon. He expects to secure orang-outangs and gorillas, which are easy to shoot, but extremely difficult to capture alive.

We still like to console ourselves with the delusion that the grapes just beyond our reach are sour.

VISOLITE
TRANSPARENT
HEADLIGHT
DEFLECTOR

Which complies with the New Vehicle Act and are now being used on the following cars in Regina:

The Best Laxative He Ever Tried

Mr. W. J. Dorion, New York, writes: "Sick headache, indigestion and constipation have troubled me for years. I tried everything but I can truthfully say your CARTER'S LITTLE LIVER PILLS is the best laxative I have ever used. I find that they are small, easy to take and their action does not pain me. They keep me regular and I want to tell you how I appreciate this purely vegetable medicine, knowing, due to my experience in laboratory work that laxatives, containing Mercury, Calomel and other poisonous drugs are injurious."

CARTER'S LITTLE LIVER PILLS are sugar coated, small, easy to swallow, and everyone in the family can take them in perfect confidence as they are a doctor's own formula.

CARTER'S LITTLE LIVER PILLS in red packages 25c. and 75c.

Strange, Romantic Love Adventures of the Flapper you know

Joanna

by H. L. GATES
Copyright 1923 by H. L. GATES
Published by arrangement with First National Pictures, Inc.

CHAPTER XXXII—Continued

The same incongruous carelessness prevailed at the plundering of the women. Their fingers brushed lightly over gleaming throats; they begged a pardon for every jewel, of which they took only those that sparkled flagrantly. A pretty young woman—a very pretty young one with the small angular face and smooth eyelids of an early madonna, dropped to her knees hysterically when a rough hand reached to a sapphire pendant which hung deep on a bare chest from which, in her excitement, she had almost torn the already scant reach of her gown. "Please," she pleaded to the bandit, "do not take my necklet. It is of small value. I have hidden diamonds that I will give you. My necklet is a reminder of my husband."

The evil fellow gave her his fingers and helped her to her feet. Then he bowed with a comic opera sweep of his wide brimmed hat. "I would not disturb the gift that reminds such a charming lady of something she should not forget," the bandit said. Joanna, who was standing near, glanced quickly at the common vulgar fellow, whose breath was strong with garlic and whose hands were gross and awkward. Then she looked at the girl, and sulked a little.

The brigand who appeared to be the leader of the robbing company, the one whose voice was particularly gruff, stepped into the middle of the floor and announced:

"We are most sad to interfere with such plans as the messieurs and mesdames have made for their return to the more comfortable threshold of their homes below, but there are circumstances which may not be avoided. It becomes a necessity to invite the gentlemen to remain within the hospitality of this isolated barn which we have borrowed for the evening. The ladies will be returned to the club house, where they may be so happy as to find other partners for the merry dances of the waning night. You will be reunited with the morrow, doubtlessly. When the ladies are deposited at the club house we shall leave you, Messieurs; the police will find us well disappeared by the time you gentlemen ease your wrists and find your way to the cities below."

The men against the wall stirred and swore, but firearms menaced them. Some of the women blanched at the prospect of their doings of the night becoming wildly reported tidbits for the spicy enjoyments of sen-

sation mongers along the Riviera. The pretty girl who had protected the souvenir of her husband shrieked. An amused and ironical smile formed about the plebeian mouth of the bandit who had sensed her predicament—her sudden thought of the consequences of being detected by that same husband in her clandestine visit with another man than he to the club house that is out of conventional bounds. Despite all protests the women were herded out of the barn, escorted across the soggy open space, through the pines, and onto the road. There they were instructed to climb into a big gray car. Joanna thought she recognized it as the one they had passed on the road, but was not sure. A silent figure sat at the wheel; one who knew every trick of the road and picked his way surely through the mist to the final turn which revealed the dim lights of the club house just ahead. Here the car stopped and the women were ordered to descend and proceed alone to the club house. "The telephone wires have been cut," the man who had driven the car said to them when they were all in the road; "you may be prepared to wait until the mist lifts or your escorts find their way below and send for you."

"I have only arrived," Brandon said, his words suave but irritatingly ironic. "I am happy to find you—alone!"

With the reappearance of the hold-up victims, dragged and suffering from their various reflections upon becoming, as they surely would be, heroines of a widely told about night on La Turbie, pandemonium broke out among the revelers who had elected to remain and who, by that time, had made serious inroads upon their host's store of champagne. The sense of the reception of those who had thought it necessary to brave the mist for a return to their places below, by those who heeded not convention, was that each one of the robbers' victims had, by the unexpected circumstance, become "one of us."

Joanna sat apart from the ribald scene that immediately shaped itself. She made no pretense of restoring her mask to her face—by now all masks were openly discarded. Even the mask that restrained the club house itself had been dropped, and the revelry was unbridled.

Outside, after an hour, the big gray car which had disappeared after depositing the women slid up again to the parking yard and found a place to stand. This time Brandon, still muffled in his great coat, got out, leaving Antoine, as he had earlier in the evening. He threw his coat back into the car, arranged his domino, and, without his face mask, went directly into the house. He saw Joanna, alone at her isolated table and went directly up to her.

CHAPTER XXXIII

The Test

When the dominoed figure loomed at her table Joanna looked up, curiously. When she recognized the unmasked face she started. The relieved greeting she would have given anyone close to her, who might provide intimate companionship through the rest of such an exciting adventure, trembled for an instant at her tongue. But something in Brandon's face numbed her lips.

She rose to her feet, hand up, over her breast, with a faint recoil.

The fear that she had never shaken off, crashed down upon her in a tumult—the unformed, unutterable fear that came to her when he first touched her fingers at the table across from Eggleston in the bank when she had written her first check against her mysterious money.

"You here!" she breathed. "I didn't know—have you been—"

"I have only arrived," he said, his words suave but irritatingly ironic. "I am happy to find you—alone!"

Joanna knew, from his tone and his manner, that a climax purposed. A climax of some sort; something associated with the night, with her, with whatever Brandon had stood for in his relationship to her since that day in the bank.

Out on the dance floor, and at the tables near, she saw men and women looking at them curiously; at her, the Golden Girl whom everyone recognized and for whom many eyebrows had been raised when she came in with the bedraggled troop that had been ushered back to the club house by the brigands. Looking at her and Brandon whom they also knew. Her chin went up a little, and she braced herself inwardly.

"I am alone only by chance," she said, coolly. "I was here, with Kenilworth. He has been—"

"I know," he broke in. "Some mountain bandits have taken charge of him and returned you here—so that everyone may know that for your relaxations you choose a society and a surrounding that are, to say the least, daring."

"That, of course, is what pleases you to know. Why have you come? I feel that you are here—because of me."

"I am," he said, shortly. "I am here to tell you, at last, that the play is over. As you have put your mask aside for the rest of the night, so you interesting little masquerade must be dropped. You came up here, I imagine, to color an amour. Instead you are about to discover—what you're made of."

She sank back into her chair. Her face blanched. Her brain ached with the knowledge of an animal that in some mysterious fashion it has been caught in a trap. Before he spoke again she laughed, a short, unamused laugh, as if she were amused by the foolishness of her feeling, the utterly ridiculous about it.

The laugh died abruptly and she

watched the man who still stood looking down at her unsmiling, ungracious, unconsiderate.

"I have a great deal to say to you," Brandon declared. He paused a moment, and then continued:

"There is a room—a small supper room, just off the balcony. If you do not object, may we talk—in that room?"

She got to her feet silently, and, when he had bowed his acknowledgment of her assent, walked with him to the circular stairway that led to the mezzanine. At the door of the private banquet room he stood aside that she might enter ahead of him. A waiter met him at the door.

"We shall not be served," Brandon said to the man, "but as I shall leave the door open, perhaps you will stand near to discourage loitering on the balcony."

Joanna faced him when he stepped across the threshold.

(To Be Continued.)

Little Helps For This Week

Thou hast been faithful over a few things, I will make thee ruler over many things; enter thou into the joy of thy Lord.—Matthew xxv. 21.

O Ye that faint and die, arise and live!

Sing, ye that all things have a charge to bless;

If He is faithful who has sworn to give,

Then be ye also faithful to possess.

—Anna Laetitia Waring

I will not count

On ought but being faithful.

—George Eliot.

The essential fidelity of the heart is the same, whether it be exercised in two mites or in a regal treasury; the genuine faithfulness of the life is equally beautiful, whether it be displayed in governing an empire or in writing an exercise. Observe the striking fact that our Lord does not say, "He that is faithful in that which is least will be faithful also in much" but "He that is faithful in that which is least is faithful also in much."

—Frederic W. Farrar.

The Oil for the Farmer.—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

Working on "Silent" Planes

France Perfecting Machines That Cannot be Heard

Silent aeroplanes, painted the color of night, which can neither be heard or seen after dark, will soon be a practical accomplishment of the French Aviation Service, it is reliably stated.

Several other nations have been working along the same lines, but have not yet succeeded. Recent French experiments with new wonderful silencers have demonstrated that the 'plane equipped with them could not be heard at a distance of 300 feet from the ground. Within a short time, absolutely silent 'planes will be a feature of the French Aviation Service, according to the same reports.

The laboratory has also been working for many months on the question of the color of 'planes and the experts have decided upon a new dark paint which has the effect of so successfully blending the 'plane into the night atmosphere as to make it invisible even within a few hundred feet of the landing field.

With the so-called "disappearing" paint and silent engines, the death-dealing qualities of the aeroplane will be increased enormously, in the opinion of aeronautical experts. They cite as an example a night attack by several hundred armored 'planes, including bombers, upon an enemy city or position.

The enemy anti-aircraft defences would be immediately placed at a great disadvantage, for about the only means of detection left would be searchlights.

During the World War the peculiar sound of approaching German 'planes, which to many people seemed to say the words "I will," acted as a sufficient warning to permit the French defending air forces to get into action.

The man with a grievance is a grievance to others.

Minard's Liniment soothes tired feet.

The Most Popular Kitchen Ware In All Canada

You see it everywhere—the pearly gray enameled ware that spells long service and real, old-fashioned satisfaction. This splendid kitchen ware, SMP Pearl Enameled Ware, defies wear and tear and its surface, like all SMP Enameled Ware, is so china-smooth and clean it harbors no taints or impurities.

You need no steel wool or special cleansers to keep SMP Pearl Ware sparkling clean. Soap and hot water do the trick in a jiffy. Made in every new handy shape and size by an old established Canadian industry.

Catapult Aeroplanes

Have Been Successfully Launched From Deck of Ships

To save time, it is suggested that Atlantic liners approaching their ports should discharge small aeroplanes laden with specially urgent mails and parcels, or, in exceptional cases, even passengers. It has already been proved that aeroplanes can be launched from the confined decks of ships by the catapult system.

It has been shown that aeroplanes with no human beings on board can be propelled on to objects thirty-five miles distant, and it is expected that this range will shortly be increased to one hundred miles.

"I can't imagine why Ferdie is so brainless; can you?"

"Why, no; unless the poor boy was brought up on a vacuum bottle."

Once a School Teacher— Later a Famous Physician

A young man who was brought up on a farm in Western Pennsylvania qualified for district school teacher. Further pursuing his studies and teaching, he managed to save enough money to put him thru medical college. He began the practice of medicine in the new oil section of Pennsylvania, and often rode horse-back through the woods to reach and relieve those who were seriously ill. He was a student of nature, knew and easily recognized most of the medicinal plants growing in the woods.

Finally, he moved to Buffalo, N. Y., where he launched his favorite remedies, and, in a short time, they were sold by every druggist in the land. Today, the name of this man, the late Dr. R. V. Pierce, is known throughout the world. His Golden Medical Discovery is the best known general tonic for building up strength, restoring impaired tissues and enriching the blood. More than fifty million bottles have been sold in the U. S. If your druggist does not sell it, in liquid or tablets, you can obtain a trial pkg. of the tablets by sending 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont.

GARDEN TIME.

Poets and philosophers tell of the satisfaction obtained from cultivation of flower and vegetable gardens, but the practice is not as general as could be wished. In many places there is much less gardening than there was some years ago. People have too many things they want to do with their spare time.

In many cities and towns, however, the gardening movement has been pushed as a community proposition. People have been urged, in a systematic way, to decorate their grounds with handsome shrubbery and flowers, and some of these communities have developed an amazing amount of this beautification.

Such towns have become noted, and every minute of time put in on those flower beds is no doubt paid for in the higher value of real estate that is established in such a town.

Home pride is the motive that can best be relied upon to promote the gardening movement. People will usually do what their neighbors do. If you persuade one or two influential families on a street to spend a little more time and money beautifying their places this season, the majority of their neighbors would, within a year or two, fall into line and do the same thing.

As respects vegetables, the advantage of the back yard garden ought to be obvious in these times of high prices. The children of the modern community do not have enough share in the home tasks, and it would do them good to have some regular labors in the garden and they could well do a good deal of its work. But the old folk cannot expect them thus to labor unless they also are willing to do some stunts with the spade and hoe.

EASTER.

Easter comes at a glad season of the year. The festival itself, is both commemorative of the resurrection of Jesus Christ and as a memorial to the atonement wrought by the death of the Master upon the cross.

It is hailed with great acclaim in all Christian churches of the world. In Greek and Latin and in the languages derived from them, Easter was known as "Pascha," "Pasch," "Pasqua," "Pascua," "Paques," etc., from the Chaldee word, "Pascha," the equivalent of the Hebrew "Pesach." The "Destroying Angel's" act is recalled by the last name in "passing over" the households of the Hebrews when he smote the Egyptians, as disclosed in the twelfth chapter of Exodus.

This year Easter will fall on April 17. The way which Easter is determined is that of the first Sunday after the paschal full moon—the fourteenth day of the calendar moon, or the full moon which happens upon or next

WHY NOT Buy The Best Sherwin-Williams Paint

after March 21; and if the full moon—the fourteenth day of the Easter day is the first Sunday following.

As usual, Didsbury churches will observe Easter with elaborate programs. It is an event that the children and the grown-ups have learned to look forward to with much pleasurable anticipation; it is an event all should remember with some beautiful thought for the day.

LOCAL AND GENERAL

W. Burrell shipped a carload of horses to Toronto on Tuesday.

Mr. Brawne of Westcott was taken to Calgary the other day for X-ray treatment.

Eldon Deadrick was taken to the Holy Cross hospital at Calgary last Sunday for treatment.

Bob Griffin came up from Calgary this week and spent a few delightful hours visiting old friends.

Mrs. Harold Clemens and Mrs. F. Mertens had their tonsils removed by operation at the local hospital this week.

The Didsbury Fleding Co. sold the last of two hundred head of cattle this week to Brown and Son of Vancouver.

P. Longden of Taber has joined the staff of the Pioneer and will remain for a couple of weeks during the absence of W. P. Cotton.

Art Cressman, Sid Watt, Jas. Clarke and Tommy Johnson enjoyed a pleasant game at golf at the Country Club at Calgary last week.

Next Friday being Good Friday, all the stores will be closed in Didsbury. Easter Monday, however, they will remain open.

The Ladies Aid of Knox United Church will hold an Easter sale of home cooking and plants on Saturday, April 16th. Tea served from three till six o'clock.

H.P. Stauffer will assume the position at the C.P.R. held now by F. Honeysett. Boyd Miller of Olds takes over the job vacated by H. P. Stauffer.

Mr. and Mrs. F. Honeysett are leaving this week to take up their future residence at Appledale, near Nelson, B.C., where they have owned a farm for some time.

Under the auspices of the I.O.D.E., a dance will be given in the Opera House on Easter Monday night.

At the Opera House on Saturday next there will be shown "Seven Days," which has been described as seven days of laughs, as it is a comedy of comedies. You'll be laughing all the time.

Mrs. Mortimer returned from Rochester last week, where she had undergone an operation. Her friends will be glad to learn that the operation was successful and she is now feeling much better.

Step up, step up. At the Opera House on Wednesday, April 20th, "Bigger than Barnum's," will be shown. This is positively the greatest of all circus pictures and will please and thrill old and young.

Miss Bessie Clemens, daughter of Mr. and Mrs. M. B. Clemens, on the nursing staff of the hospital who for some time has been at Cardston, has recently taken a position on the staff of the Didsbury hospital.

Two loads of grain were shipped this week to Port Hammond, B.C., by Kendrick & Good, the same firm also shipping two loads of hay into Drumheller. A double deck of hogs was also shipped by them to Swift's, at North Portland.

The local Opera House has been successful in procuring for Saturday, April 23rd, a special attraction in "The Night Cry," showing the wonder dog of the screen, Rin-tin-tin. No doubt you have heard of this picture and know what is in store for you. Don't miss it.

Messrs. Schofield and A.B. Claypool, the latter the member for the Didsbury constituency, in the provincial legislature, addressed a meeting at Mountain View Community hall on Monday night in the interests of the U.F.A. Mr. Schofield is vice-president of this organization and gave a very interesting address. As a result of the meeting it was decided to form a local.

A great service to the travellers on the C.P.R. lines will be put into effect with the first sailing of the winter season of the C. P. liner "Melita," when for the sailings of C. P. liners from Saint John to Europe between December 1st and April 12th, through tourist sleeping cars will be operated on C.P.R. trains from Winnipeg direct to the ship's side at the New Brunswick port.

SCIENTISTS' DREAM Of Television Is Reality

New York, April 8—Television, a scientists' dream since the telephone was invented half a century ago, became an actuality Thursday when Secretary of Commerce Hoover spoke over the telephone in Washington and was seen as well as heard in the Bell telephone laboratories here.

Not only was Secretary Hoover and a score of others in Washington seen in New York by telephone wire, but a radio programme was broadcast over the laboratories' experimental station 3XN at Whippany, N.J., and moving likeness of the performers as well as the sound of their voices were put on the air and transferred to a screen in this city.

Officials of the American Telephone and Telegraph Company announced that yesterday's demonstration marked the results of years of research and experiments and that study would be continued with the purpose of improving television to a higher state of efficiency.

They acknowledged that at the present the seeming miracle of seeing by wire and wave length was not at a stage where it could be put to such use as the telephone. The necessary equipment precludes that possibility for some time to come, they said, but the feat of television itself has been accomplished and indications are that "it is likely to have a real place in the world's work of distant communication."

An air mail service for Canada is likely. The Hon. P. J. Veniot, Postmaster-General, remarked in an interview that the Postal Department at Ottawa are following with keen interest the successful activities of the United States air service and that something similar may be started in this country shortly. Definite announcement one way or the other would be made early in the New Year, said Mr. Veniot.

Northern Ontario has 2,600,000 square miles of mineral lands, of which only 7 per cent. has been exploited; and yet this seven per cent. has already produced metals to the value of a billion dollars. Such was the summing up of George C. Bateman, Secretary of the Ontario Mining Association, speaking before the Engineers' Club. "Twenty years ago," he reminded his hearers, "Northern Ontario was practically an unknown wilderness. Today it is the centre of a large and growing industry."

Masonic Anniversary.

The twenty-first anniversary of the institution of King Hiram Lodge, A.F.&A.M., was celebrated by its members here on Friday last. Rarely indeed has a lodge last. Rarely indeed has a lodge obtained its majority with its first sitting master still available, and it was this particular feature of the afternoon session which lent an additional dignity to the function. Wor. Bro. R. Hollingshead of Olds, being the first master to preside over King Hiram Lodge in 1906, had been requested to again take upon himself the duties pertaining to that office on Friday last, and assisting him in this work was M. W. Bro. J. T. MacDonald, of Calgary, who was the officer in 1906 to institute the lodge.

In the evening the celebration of their anniversary by the members of the lodge was of a more varied nature, being observed by holding an "At Home" in the Opera House. Here during the evening, by invitation, there assembled about two hundred members and visiting members, together with their wives and sweethearts.

This evening was largely taken up with a selected list of dances, interspersed by songs and recitations by H. Hutchcroft of Calgary, who by the way, had given up a very important engagement at Calgary in order to assist and be present at this Masonic event.

Those present included brethren from Carstairs, Olds, Innisfail, Calgary, and other places. Several of them hold high office in masonry. The Grand master of the order in Alberta, M. W. Bro. T. F. English was present accompanied by Bro. Nevin Jackson, both of whom are 33rd degree Masons.

The catering for the evening refreshments had been given over solely to Mr. and Mrs. Russell, and this department, always a very important one, could not have been in more capable hands. The stage had been taken over for this purpose, and with elaborate decorations together with the large number of small tables, presented a most pleasing aspect. From about eleven o'clock on the guests present availed themselves fully of the opportunity afforded, and the variety of food provided was a matter for general and very favorable comment.

A list of those present follows: Mr. and Mrs. A. G. Studer, Dr. and Mrs. W. A. Evans, Mr. and Mrs. J. W. Phillipson, Mr. and Mrs. H. Morgan, Mr. and Mrs. J. McDougall, Mr. and Mrs. R. G. Hamper and son, S. R. McAllister, Mr. and Mrs. H. E. Pearson and daughter, Mr. and Mrs. J. R. Miller, Mr. and Mrs. C. A. B. Studer, W. P. Cotton, Mr. and Mrs. J. Scrutton, Mr. and Mrs. A. Brasso, Mr. and Mrs. C. F. Dooley, Mr. and Mrs. W. S. Durrer, H. G. McInnes, Mr. and Mrs. J. M. Reed, Mr.

and Mrs. S. Tigh, Mr. and Mrs. E. Cressman, W. P. Clarke, Mr. and Mrs. M. B. Clemens, Alex. Guy, Mr. and Mrs. G. A. May, Mr. and Mrs. A. Wilkinson, Calgary, A. R. Shantz, Carstairs, W. A. First White Man's Music in Canada

The first white men to penetrate from the east into the middle west came as canoeists, under the leadership of such men as La Salle, Radisson and Father Hennepin. They traversed the great inland waterways the St. Lawrence, the Ottawa, Lake Nipissing and the Great Lakes, singing as they went the songs of Old France. The songs of these French-Canadian Voyageurs have been preserved and are a popular factor in the lives of the French-Canadians in Quebec. Their popularity is fast spreading throughout the country and of late radio programs featuring these songs have been exceedingly well received.

A musical sensation on a scale never before attempted in the city of Quebec will be held at the Chateau Frontenac, from May 20 to 22. The Festival, which will combine folk-songs and handicraft indigenous to the Province of Quebec, is unique in character, since it is the first time a folksong festival has been staged anywhere in America in its natural setting with handicraft. The National Museum of Canada, in co-operation with the Canadian Pacific Railway, is organizing this festival on a very comprehensive scale.

Among the artists who will interpret the folksongs are J. Campbell McInnes, of Toronto, who has been principal soloist with the Philadelphia, Chicago and Cleveland Orchestras, and Charles Marchand, well-known "chansonner" of Montreal, who has toured both Canada and the United States; also Dr. Ernest MacMillan, director of the Toronto Conservatory of Music; Dr. Healey Willan, Canadian composer, and Oscar O'Brien of Montreal, who have composed harmonizations of melodies and arrangements for strings, especially for the Festival.

Choral renderings by various composers of some of the native folksongs will be given by the Chanteurs of Saint Dominique of Quebec, one of the most famous choirs in French Canada. The Basilica choir will sing a fully choral High Gregorian Mass on the morning of May 21.

Outstanding among the women artists to take part are Madame Jeanne Dusseau and Mademoiselle Juliette Gaultier de la Verendrye. Madame Dusseau, who is an ardent lover of folksong and an interpreter of the same in many languages, is a soprano of the Chicago Opera Association. Mile. Gaultier de la Verendrye, a descendant of the explorer, Pierre Gaultier de la Verendrye, sang in the Boston Opera before devoting herself to the study of folksong. She has learned the Eskimo language in order to sing Eskimo folksongs, and is also familiar with many Indian dialects.

RED ROSE TEA "is good tea"

You must try RED ROSE ORANGE PEKOE. A little higher price than other teas, but a real difference in quality. Now packed in Aluminum.

Celebrating Canada's Jubilee

The celebration of the sixtieth anniversary of Confederation should be well and fittingly observed by all citizens throughout the length and breadth of the Dominion, and no community however small should fail to take advantage of this historic date to review the progress of the country and to strengthen in the minds of all, especially the young, a determination to render worthwhile service to Canada and make it a still better land in which to live and a real power for good among the nations of the world.

A strong national committee has been created by Parliament to give direction to this celebration in its large national aspects, and Provincial committees are in process of formation in each of the nine provinces. The chief national ceremonies will, of course, be held at Ottawa, the Federal capital, and it is proposed that in each of the provinces striking ceremonies should be held at the provincial capital cities. But every city, town, village and hamlet should likewise organize to commemorate the event.

While in the observance of this diamond jubilee, sports, concerts, fire-works, and other forms of recreation and pleasure will and should find a place, it is to be hoped that something of a more lasting character will be done or inaugurated that will materially assist in the continued and greater development of Canada and advancing it along the path to true national greatness and strength.

The Dominion-wide oratory contest now in progress in the schools of the Dominion under the auspices of leading daily newspapers is a concrete example of what we have in mind. It is educational, inspirational, and cannot fail to induce a true pride in Canada and its achievements, and help to promote a fine and helpful national spirit. The study which participation in this contest imposes on thousands of students will leave a lasting impression, while the training in public speaking that results will prove a real asset to the Dominion.

A suggestion has also been advanced that the national committee should create a national prize in literature to be awarded each year to the best Canadian literary production of the year. Such award might fittingly be announced on each succeeding Dominion Day. A really worthwhile prize would undoubtedly have the effect of encouraging a higher standard in Canadian literature.

Cannot the idea which prompted this suggestion be extended to include each community throughout the Dominion? Most of our cities, towns and villages experience a lack of something of a public nature which could easily be provided at comparatively small expense if the residents would unite their efforts in making provision for it. Some lack a community centre; in others the absence of a public library is a real loss to the people; some places have as yet failed to make adequate provision, possibly no provision at all, in the shape of parks or playgrounds; many have neglected to plant trees or create beauty spots to improve the appearance of the community in which they pass their lives.

What could be better prove a more fitting observance of Canada's jubilee than the creation of a Confederation Park, a Jubilee Library, a Canada Community Hall, or a Confederation Avenue of trees, or something of beauty or of public service along somewhat similar lines?

The above suggestions are merely intended to direct attention to the idea and to provoke consideration of it. Each community will be aware of its most pressing need, and of its ability to supply that need. Each community, no matter how small in numbers, can do something. All that is necessary is that some thought and consideration be given to the matter, and one or two "live" leaders can quickly secure the cooperation of all, with the result that something really valuable and of lasting benefit will result in commemoration of the Diamond Jubilee of Confederation.

Gorgeous Car For Nigerian Chief

British Factory Turns Out Dazzling Vehicle for Emir of Kano

Rich native potentates who have luxurious tastes in automobiles, invariably place their orders in England. A car that has just been completed for the Emir of Kano, one of the most powerful of the Nigerian chiefs, had, according to instructions, to look like a bird of paradise, when travelling under the blue African sky. The use of black on any part of the car was forbidden on religious grounds. All difficulties were, how-

ever, overcome, and rarely has anything more gorgeous left a British factory than this dazzling vehicle. The chassis is a 6-cylinder with all parts brightly finished. The dashboard is of polished aluminum. The steering wheel and the door handles are blue. The springs are painted red and the fuse carrier on the dashboard is of ivory. The body is striped with red and gold lines. The hood is more like a sunshade and is a vivid green in color, and the interior is upholstered in blue leather. Even the engine, normally black, has been camouflaged with silver paint. In the dazzling sunshine of Africa the car travelling at high speed—and it is understood the Emir of Kano delights in speed—will certainly give some impression of a gay bird of many hues.

T.B. Taking Heavy Toll

Deaths Among Greenland Eskimos Due to Unsanitary Conditions

The devastating influences of tuberculosis are taking a very heavy toll of Greenland Eskimos. H. C. Raven of the department of comparative anatomy of the American Museum of Natural History, told the Royal Canadian Institute in Toronto.

The prevalence of tuberculosis in Greenland, where Mr. Raven spent the summer of 1926, was attributed by him to the fact that the Eskimo lived in very unsanitary surroundings, as many as 12 people being crowded into one little igloo four feet wide by ten or twelve feet high.

Going fishing—take Minard's Liniment.

Vitaglass Is Newest Idea

Does Not Exclude Ultra-Violet Rays Like Window Glass

Scientists have discovered at a date if somewhat belated, that glass windows, from the standpoint of health, are one of the greatest evils from which humanity suffers. They do act as a preventive to cold winds, draughts and damp, but they only give the illusion of light and warmth. The Medical Research Council corroborates the fact that when light passes through a window of ordinary glass it is entirely robbed of the beneficial ultra-violet rays. It gives a sensation of warmth, but, apart from this, it can have no effect on bodily efficiency and well-being.

The remedy exists, however, for both light and the ultra-violet rays are provided by vitaglass, the invention of a Birmingham scientist, Mr. E. E. Lamplough. It has been installed in several hospitals in Great Britain and in the Smithwick Borough Council Schools. The installation, it is claimed, has had remarkable results on the health of the pupils.

The Morning Post says that vitaglass possesses the property of transparency to the curative ultra-violet rays of natural light. We quote:

"Up till quite recently it had been found that quartz or fused silica were the only known substances that possessed this property of transparency, and their high cost had rendered the possibility of their application to windows quite prohibitive. The cost of vitaglass is, however, very little more than ordinary window glass, and so the question of its installation in factories and industrial centres becomes of considerable interest."

SPRING IMPURITIES DUE TO POOR BLOOD

A Tonic Medicine a Necessity at This Season

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the Spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching and every dose of these pills helps to enrich the blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring, anaemia, rheumatism, indigestion, neuralgia and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every nerve and every organ in the body, bringing new strength and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Chinese Women Progressive

Are Becoming a Factor in Readjustment of Their Country

The women of China will be a factor in the readjustment in that country, according to Mrs. Grace Thompson Seton who spoke before the Women's Press Club in New York. Describing the achievements of modern Chinese women, Mrs. Seton said one woman author had published 349 books. Another who conducts a school, she said, had adopted 100 children and is educating them. From a state of complete subjection to men, women are fast emerging, she said, and banks for women are being established.

For distemper—Minard's Liniment.

Heroine: Oh, George, can't you wait just a week for my decision? Voice from the Gods: Don't you do it, George. The play won't run that long—Galexy.

A weighing machine designed for use in shops is so finely constructed that it will weigh anything from a human air to an article of 40 pounds.

The Farm Power

for ignition must be as dependable as that of the great metropolis power plants.

Ignition troubles during wood-cutting, threshing, ensilage chopping, separating, pumping or plowing may cost more than many sets of batteries.

Take no chances. Positively insist on seeing the name Eveready-Columbia on every dry cell battery you buy. It ensures you of an even and certain supply of power when you most need it.

Your dealer will show you a complete range of Eveready-Columbias covering every possible need.

Canadian National Carbon Co., Limited

Montreal Toronto Winnipeg Vancouver

Tune in on CKY, Winnipeg, for Eveready Programs, Sunday April 10th, 9 p.m.; Saturday April 16th, 11 p.m.; Saturday April 23rd, 11 p.m.

—they last longer

A Model of Cleanliness.

If the housewife could visit a modern milk condenser, where pure country milk is put in tins for her convenience, she would be as delighted with its cleanliness as she would be amazed at the ingenuity of the process. In Borden condensaries, where Eagle Brand or St. Charles Milk is packed, the entire plant is subjected to a rigid cleansing every day. Every container and every piece of piping through which the milk passes is scalded with live steam. St. Charles milk, which is evaporated, has nothing added to it, and nothing taken away, except a portion of the natural moisture of the country milk. After being tinned it is sterilized, so it will keep perfectly in the unopened tin. Eagle Brand, which is condensed milk, is preserved by the addition of pure cane sugar, but nothing else is added to the fresh country milk. The condensed milk is called "sweetened" and the evaporated "unsweetened" milk.

With so thorough a preparation at hand as Miller's Worm Powders the mother who allows her children to suffer from the ravages of worms is unwise and culpably careless. A child subjected to the attacks of worms is always unhealthy, and will be stunted in its growth. It is a merciful act to rid it of these destructive parasites, especially when it can be done without difficulty.

Proposed New Paper Mill

New York, Montreal and Chicago financial men are reported to be combined in the plan to construct a 600-ton paper mill at Whittemud Falls, Manitoba, for which application has been made to the Federal Government. Timber limits involving 11,500 cords of pulpwood are being sought.

Telephone System Pays

Alberta Government Phone System Shows Operating Profit

The Alberta Government telephone system showed a profit of \$270,000 in operation in the year 1926, according to the annual report of the Department. There was an increase of revenue over 1925 of more than \$454,000. There are now 20,413 rural subscribers and 36,517 subscribers on the urban system, making a total of 56,930 subscribers for the entire system, an increase of about 500 over the previous year.

A Foe to Asthma. Give Asthma half a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is no half way measure about this remedy. It goes right to work and drives asthma out. It reaches the innermost breathing passages and leaves no place for the trouble to lurk. Have it by you for ready use.

A Real Cinderella

The story of Cinderella has been traced by an historian to the account of a young lady named Rhodopis whose sandal was carried by the wind, while she was bathing in the Nile, to the feet of the Egyptian king who offered a reward for the owner. When Rhodopis claimed her sandal the king married her.

The case with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails.

Manufacturing industrial development is in its infancy in Bolivia, which is almost solely a producer of minerals. A disadvantage is the almost complete absence of fuel in the country.

Children Cry For "Castoria"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of

Chas. H. Fletcher.

Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Drugists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic-acid of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin is a Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

CHINESE TROOPS AT PEKING STAGE RAID ON SOVIETS

Peking.—A raid by Northern soldiers and Chinese police on buildings attached to the Soviet embassy here and the detention at a hotel of two United States journalists, one a woman, who are known to have incurred the displeasure of the Northern command by contributing to hostile publications, today introduced new international aspects to the Chinese civil war imbroglio.

Both the raid, which resulted in the removal of 22 Russians and about 50 Chinese, described as agitators, from the embassy compound, and the detention of the Americans, were conducted by representatives of Marshal Chang Tso-Lin, the Manchurian war lord, who is commander of the Northern forces defending Peking.

While the raid was in progress fire broke out in the building formerly occupied by the Russian legation guard. A report was circulated, although its truth could not be confirmed, that the fire was started for the purpose of preventing records from falling into the hands of the Northerners. Two fire brigades rushed to the building and extinguished the flames in a short time, although not before some ammunition in the structure exploded, wounding one Russian dangerously.

Numerous bundles of red flags, seven car-loads of propaganda leaflets, a machine gun, a trench mortar, bombs, about a score of rifles, thousands of Kuomintang (the Cantonese political party) flags, and a quantity of ammunition were stated to have been taken from the raided buildings.

Marshal Chang Tso-Lin notified Northern commanders of the raid.

"The main danger to the preservation of peace in Peking is now removed," the marshal's message was quoted as saying. "Those arrested will be tried and dealt with according to their deserts. It must be pointed out that these rebellious mischief makers who are responsible for the dissemination of Bolshevism and the havoc wrought upon the people and the nations are unpardonable."

Stresses Will For Peace

Paramount Necessity to Prevent War Says French Foreign Minister

Paris.—More important than technical disarmament is the will for peace, declared M. Briand, foreign minister, in a message sent to the United States on the occasion of the tenth anniversary of the entry of the United States into the world war.

M. Briand's message, sent on the heels of France's refusal to participate in the three-power naval disarmament conference at Geneva, insisted that the paramount necessity in preventing war is the cultivation in the civilized world of a spirit of peace interpreted through a "policy of peace" on the part of all nations.

"If there were need of it between the two great democracies in order to give high testimony of their desire for peace, and to furnish a solemn example to other peoples France would be willing to enter into an agreement with America mutually outlawing war, to use your way of expressing it."

Present Claim to Government

Question of Land Title of B.C. Indians Before Committee

Ottawa.—Counsel for the Allied Tribes of British Columbia continued presentation of the claims of the tribes to the aboriginal title to lands in British Columbia before the joint committee of the House of Commons and the Senate.

Quotations were presented from ancient treaties and more modern court judgments in support of the contention that the relation of the Canadian government to the tribes was one of trusteeship as opposed to guardianship.

Only one pension is now being paid by the British Government. This is the annual sum of \$25,000 to the holder of the Nelson earldom.

W. N. U. 1676

New Plane For De Pinedo

Italian Aviator Will Resume Flight in Sister Ship From Italy

Apache Lodge, Roosevelt Dam, Ariz. — Commander Francesco de Pinedo intends to resume his inter-continent flight just as quickly as he can arrange for a sister ship to be sent to the United States from his native Italy.

A thoughtless boy and a match caused the destruction of the big seaplane after the aviator had flown it across the Atlantic Ocean, risked his life soaring over the wilds of South America and brought it here against great odds in making hops by inland waters en route to the Pacific Coast.

The match was tossed on the oil-coated surface of the lake about the plane after the youth lighted a cigarette, and within a few minutes the ship, on which de Pinedo had lavished such care, was a mass of flames.

Everything was in readiness for the departure of the commander on the Apache Lodge-San Diego leg of his journey when the Santa Maria burst into flames. The aviator was bidding goodbye to friends on the shore as the match struck the oil-coated water, a flash and it had communicated the flames to the plane. As the ship burst into flames from stem to stern, Captain del Preti, and ship's mechanic, M. Facchetti, jumped overboard.

The oil had been spilled on the water in refuelling the ship and the fire became so intense there was no opportunity to reach the Santa Maria's cabin to get fire extinguishers.

Britain's Chinese Policy

Not Prepared to be Hushed Out of China, Says Chamberlain

London.—Great Britain has no intention of being driven out of China, Sir Austen Chamberlain, foreign minister, made it clear during a debate in the House of Commons on the Chinese situation, in reiterating the Government's policy.

He declared that Great Britain would pursue a policy of conciliation and adjustment of its old position in China to meet the new aspirations of the Chinese people and the conditions of the country as events progressed.

Then, after a pause, he said slowly and solemnly: "Great Britain is not prepared to be hustled out of China." His statement drew cheers from the Conservative benches, after which he continued: "Nor are we prepared to withdraw our nationals from Shanghai and other up-country places or be treated as though they had no right to that which is theirs by treaty and as though the lives of Britishers were of no account to the British Government."

British Emigration to Canada

Says Percentage Coming to Dominion Is Lamentably Small

London.—"I frankly say that up to date we have been grievously disappointed with British emigration to Canada," declared Col. J. E. Dennis, of Montreal, head of the department of the Canadian Pacific Railway, speaking at a luncheon here.

"There is a Dominion and provincial organization in Canada capable of handling 50,000,000, yet we have only 9,000,000. We have to look to Great Britain and Continental Europe for our increase yet the percentage we are obtaining from Britain is lamentably small."

Hon. Herbert Greenfield, former premier of Alberta, speaking at the same luncheon, declared that the interest taken by some of the most outstanding men in Great Britain in Canadian enterprises was remarkable. There was a great reservoir of population in Britain which would make admirable settlers in Canada.

Want Canadian Coal Used

Ottawa.—"The Government is bending every effort to supplant American anthracite in the markets of Central Canada," Hon. Charles Stewart, Minister of Mines, stated in the House of Commons in supporting the second reading of a bill to encourage the production of domestic fuel and coal.

Polish Officers Executed

Warsaw.—Two Polish army officers, named Pletak and Urbanak, were arrested in Thorn, charged with delivering plans for the defence of Pommern province to German agents. They were court-martialled, convicted and executed.

WOULD DEVELOP WIDER MARKETS FOR PRODUCTS

Winnipeg.—Re-organization of the board of railway commissioners, to provide for seven members, three of whom would be from Western Canada, appointment of a trade commissioner to the United States to develop markets for Canadian products, and that taxation reductions should be in the form of reducing and removal of protective duties on imports, with the income tax maintained, were among the subjects urged upon the federal government in resolutions adopted at the annual meeting of the Canadian Council of Agriculture here.

Other resolutions adopted protested against any duty being placed on binder twine coming into Canada, and urged that the council co-operate with the land settlement board and the Canadian Red Cross in securing the continuance of the British grant for medical attention to immigrants coming to Canada under the assisted passage scheme.

The decision of the Saskatchewan section of the United Farmers of Canada not to affiliate with the council was discussed. The Saskatchewan organization, at a recent convention in Moose Jaw, decided that it "would join the council only after it is fundamentally re-organized."

It was decided that the reorganization demanded of the Canadian Council of Agriculture would not be practicable nor in the best interests of the farmers of Canada generally. The council will continue to carry on its work even though the Saskatchewan seats at the council table are vacant.

A. J. M. Poole, of Kelowna, Man., was elected president of the council, and all other officers were unanimously elected with H. G. H. Scholefield, vice-president of the United Farmers of Alberta, as vice-president. Mrs. S. E. Gee was elected president of the women's section, with Mrs. Miles Oper, president of the United Farm Women of Ontario, as vice-president.

Amity Agreement Signed

Italy and Hungary Pledge Eternal Friendships and Aid

Italy and Hungary, through their prime ministers, drank toasts, pledging eternal friendship and aid.

Both Premier Mussolini and Count Bethlen, the Hungarian premier were voluble in their praise of each other, and expressed good wishes for the welfare of their countries and then sovereigns. The occasion was a dinner which Mussolini tendered at the capitol in honor of the visiting Hungarian statesman, and followed the signing yesterday, of a treaty of friendship, conciliation and arbitration between Italy and Hungary.

Ontario Speed Limit

Toronto.—When royal assent was given to bills affecting the Highway Traffic Act and the Public Vehicles Act in the Ontario legislature the speed limit of 25 miles an hour on highways outside of cities, towns, and villages, in the province became operative.

Protest Salary Revision

Civil Service Organization Considers Recent Adjustment Inadequate

Vancouver.—In a protest against civil service salary revision, as announced in Ottawa recently, forwarded to the federal authorities by Fred Knowles of Vancouver, and C. Gardner, of Regina, president and secretary, respectively, of the Amalgamated Civil Servants of Canada, they state they find that what is "at best an equalization of pay is called a \$180 increase for the purpose of depriving civil servants affected of the full benefit of the new increase."

Complaint is also made that the salary readjustment has been made only after three years' delay and that revision dates only from April 1, 1927.

"We consider that, after four years' agitation on the salary question, to be offered in most cases from \$42 to \$60 is a direct insult to the patient and long-suffering service," the protest concludes.

Asks Assistance For Imperial Service Men

B. C. Legion Branch Sends Request to Federal Government

Victoria.—The Cowichan branch of the Canadian Legion at a meeting at Duncan, passed a resolution "that the Canadian Government be requested to defray the entire cost of transporting, maintenance and treatment of all Imperial service men invalided to Canada due to service in China." The resolution referred to Canada's large trade interests in China and to the fact that many Canadian in China are being protected by Imperial troops. A copy of the resolution will be sent to Premier Mackenzie King.

Boycott Of U.S. Goods

Agitation Starts in Capital of Southern Chinese Province

Shanghai.—Anti-American agitation, taking the form of a strike and a boycott of United States goods, has broken out at Changsha, capital of the province of Hunan, in southern China. A wireless despatch from that place said the strike and boycott had gone into effect and reported that the United States consul had gone aboard the United States gunboat Palos on the Siang river, preparatory to leaving Changsha.

The whole province of Hunan will be evacuated by foreigners shortly because of labor anti-foreign manifestations.

South African Field Yields Large Diamond

Weights 81 Carats and Valued at \$35,000 Is Report

London.—An exceedingly rich diamond find has been discovered at Alexander Bay, south of the mouth of the Orange River, says a Cape Town despatch to The Daily Mail. The despatch says that powerful financial interests have acquired control of the diggings which accordingly will not be proclaimed public. The largest stone thus far reported on the new diggings was valued at £7,000 weighing 81 carats.

There are 1,420 women magistrates for England and 2,377 for Scotland.

COMMONS VOTES SUBSTANTIAL SUM FOR IMMIGRATION

Ottawa.—The immigration problems of the Dominion occupied the attention of the Commons. A vote of \$265,000 for the department of immigration and colonization was before the House in committee of supply and the discussion, which lasted several hours before the vote was finally passed, took in practically all phases of the department's activities. Its recent disagreement with the Salvation Army came in for debate with some of the members, particularly from the west, supporting the department's position on the ground that since it was in the immigration business it should not hand over its work to outside organizations. Others expressed regret that the Government had decided to stop its grants to the Salvation Army emphasizing that it had been an important factor in the colonization of the past.

Hon. Robert Forke, Minister of Immigration, was optimistic of the outlook for the coming summer and the years immediately to follow. Confident in the future of Canada, the minister did not fear bringing out large numbers from the Old Country would increase unemployment. He promised to give consideration to bringing immigrants to the Maritimes as well as the West and urged co-operation of all parts of Canada to the work of lending a hand to the immigrants and otherwise assisting the department in this important work.

Considerable criticism developed regarding the various regulations respecting immigration, several members taking the view that they were too severe in many cases.

Following the passing of the item of \$265,000 for civil administration other appropriations, totalling \$2,580,000, were quickly approved. This total included a sum of \$750,000 towards the empire settlement scheme.

Opposed To Serum For Cancer Treatment

Only Reliable Cure Is Surgery Says New York Doctor

Toronto.—The weight of medical expert opinion is against the use of serums in the treatment of cancer, Dr. William S. Bainbridge, of New York, told the Toronto Academy of Medicine. He said that those who had deeply studied the subject were still open to conviction on the use of serums and claimed that with the rather inadequate knowledge of cancer possessed by the medical profession at the present time, the only reliable treatment lay in surgery.

Cancer was a local disease in the beginning and if removed in its incipient stages by the surgeon's knife there was every hope that it would not recur.

He did not believe that the rate of increase in the disease was as rapid or alarming as has been made out.

Imports Apples From U.S.

Canada Is Second Best Customer in This Respect

Washington.—In addition to being this country's best customer for oranges, lemons, peaches and grapes and berries, Canada is second only to the United Kingdom in the list of importers of United States apples. An official publication here says that more than \$30,000,000 worth of apples were exported from the United States in 1926, an increase of \$11,000,000 over 1925. The total exports of fresh fruits in that year were \$53,000,000, and Canada was the principal customer.

Loan For B.C. Harbor

Ottawa.—Third reading was given in the House of Commons to a bill respecting a loan of \$500,000 to the harbor commissioners of Chicoutimi on the same terms under which loans had been made by the Government to the harbor commissioners of Montreal and Vancouver.

The world's greatest disasters by fire were: London, 1666; Moscow, 1812; Chicago and Paris, both 1871; Boston, 1872; Baltimore, 1904; San Francisco, 1906; and Salonica, 1917.

Fine British Types for Canada

Happy group of sturdy British settlers en route to British Columbia points over the lines of the Canadian Pacific Railway. From left to right: Mr. and Mrs. William T. Cottingham and five children from Wales, and bound for Courtenay, Vancouver Island; Mr. and Mrs. David Jones and six children, of Wales, on their way to Telka; Mr. and Mrs. W. H. Smith and three children, who will establish their home at Mission; Mr. and Mrs. Harry Trelfall, and two children for Agassiz, and Mr. and Mrs. William Murdoch, and five children, for Malakwa.

Church Announcements EVANGELICAL NOTES.

The pastor extends greetings of the season—a joyous Easter to all the members and friends of the Ev. Church.

All readers of this news item are hereby again reminded of the Passion Week services, now in progress. Good interest and attendance have been shown thus far. A different department of the church has been assisting every night,—the Junior League, Senior League, Ladies' Aid Society, Prayer-meeting group, choir, etc. The sermon subjects for the week were taken from Christ's Seven Words from the Cross.

Next Sunday morning (Easter) the subject will be "The Resurrection of Jesus." Evening: "The Ascension of Jesus."

Many appreciative remarks are being passed around concerning last Sunday evening (Palm Sunday) service. The sacred drama, "The Challenge of the Cross" was well rendered and has made a profound spiritual impression upon the audience.

Another unique feature of that service was an oral examination before the public in which eleven Junior League boys and girls took part with honors. This consisted of seventy doctrinal questions selected from the Ev. Catechism. The following are the names of those who were awarded an official diploma: Willard Hehn, Gordon Boettger, Gerald Boettger, Leonard Berselt, Goldwin Gabel, Lancelot Carlson, Gladys Carlson, Helen Reichman, Gertrude Reichman, Ruth Gabel and Mary Rempel.

KNOX AND WESTCOTT UNITED CHURCH.

Sunday, April 17. Subject—"The Message of Easter."

Sometime ago, in the days before the war, a German scholar prophesied that the hope of a future life would count for less and less in our religion, and would ultimately disappear. And it must be admitted that this forecast seemed to be in accord with the general trend of thought and interest. But new facts have come to light, and in every way the prophecy of that scholar is being discredited. Those who take the stand that the grave and all, have not thought matters out to the end. Of all days when people go to church, it is on Easter Sunday, and of all the messages there is none that is more vital to the individual. Appropriate music, and floral decorations.

Sunday, April 24th. Plans are being made to hold a Father and Son service.

Saturday, April 16th, the Ladies' Aid are having a sale of flowers, home cooking, and afternoon tea. Opera House 3 to 6 p.m.

BAPTIST CHURCH.

Here and There

Toronto.—For the first time since ever foxes have been exhibited at the Royal Winter Fair here, Ontario breeders have seriously challenged the supremacy of the Prince Edward Island fox farmers.

Immigration to Canada for the first nine months of the calendar year 1926 shows an increase of 66 per cent over the same period a year ago according to a statement issued recently by the Department of Immigration and Colonization.

Moncton, New Brunswick.—Frozen blueberries are now being shipped in quantity to Cleveland and other centres in the United States. So far eight carloads have left Moncton, iced so that the fruit will remain frozen. Two more carloads are about to go forward.

Victoria, British Columbia. — Famous Players-Lasky are to establish a plant in British Columbia for film production, it was announced in connection with the \$15,000,000 concern known as the Famous Players' Canadian Corporation, Limited, of Toronto.

Traffic in grain from Winnipeg along the Canadian Pacific Railway lines this year has been heavier than last year by over 12,000,000 bushels. With 110,293,085 bushels marketed and 63,010 cars loaded the increases over last year's ten month period were 12,158,437 bushels and 3,538 cars.

JUDGMENT GIVEN FOR \$500 IN SUIT OVER CARSTAIRS HOUSE

Judge Macdonald has handed down at Calgary, judgement in favor of the plaintiff with costs, including costs for examination for discovery, in the action brought by Lloyd Aldrich, lumber man, of Carstairs and Joseph Wyman, hardware man of the same place, against Alois Schwin, a retired farmer, also residing at Carstairs.

The action was brought to recover about \$500, the amount of a cheque given by defendant to plaintiff's solicitor to cover liens registered against his newly erected house by the plaintiffs, but on which payment was stopped by defendant.

The evidence showed that when V. R. Jones, solicitor for plaintiffs, served the statement of claims on the defendant, he gave him a cheque for the amount claimed and was promised a release of the liens.

Defendant claimed that he gave the cheque under misapprehension, believing that the papers served were final judgments. Judge Macdonald, however, after hearing all the evidence, held that the defendant was aware of the character of the documents, as he had discussed the matter with his banker, who had advised him to pay the claims, and gave judgment for the amount of the cheque given by defendant, with costs as above stated.

C. C. McLaurin acted for the plaintiffs; Michael Smith, of Carstairs, for the defendant.

In a Herd

of cattle there are some that experts call "select." Patrons of this shop are certain of "Select" Meat

Care in purchasing is why we can supply everything "choice" in roasts, steaks, and chops. Leave us your order.
